INTEGRITY PROFESSIONALISM

INNOVATION WIN-WIN

Company Profile

180 million
Gross investment

Founded as a national high-tech enterprise, Hebei Charlotte Enterprise Co., Ltd. is a comprehensive player integrating R&D, production and sales. With a total investment of RMB 180 million and a registered capital of RMB 50 million, the company boasts a modern ecological production base covering 57,000 square meters and employs over 300 professionals. We deeply engage in aluminum-plastic doors and windows, mosquito-proof screens, shading systems, and photovoltaic bracket accessories, providing one-stop high-end building material solutions for global clients.

50 million
Registered Capital

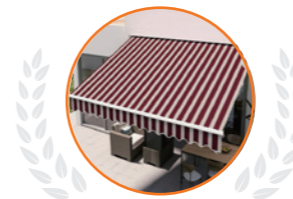

57,000
square meters
production base

Guided by market demands and driven by technological innovation, we adhere to the business philosophy of "Integrity-Based, Quality-First, Safety-Oriented" and fulfill our mission of "Creating Long-Term Value for Customers" through premium services.

As an BSCI internationally certified tech-based SME, we have established long-term strategic cooperation with top 100 global building material retailers and industry leaders, earning customer trust worldwide with stringent quality standards.

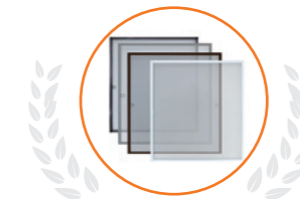

Currently, we serve as a core supplier to numerous listed enterprises including JA Solar and Yingli Solar. Our products are exported to dozens of countries and regions across Europe, the Americas, Oceania, the Middle East and beyond, consistently delivering high-quality, high-reliability building materials and services for global construction projects.

We sincerely welcome friends from all over the world to join hands with Charlotte for win-win cooperation and a prosperous future!

Aluminum Profile Surface Treatment Workshop

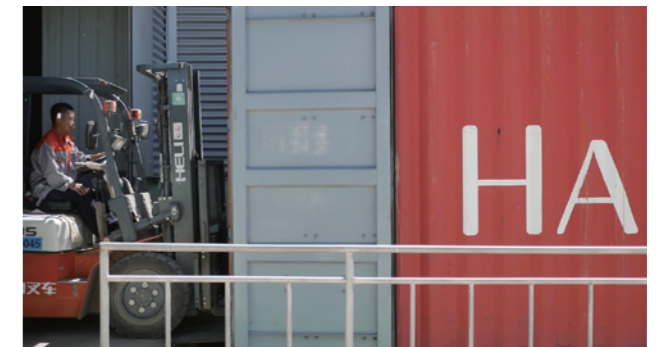

Screen Woven Workshop

Assembly, Warehouse & Shipping

The assembly workshop demonstrates our efficient manufacturing processes with multiple workstations and skilled technicians. Our production floor is equipped with advanced tools and organized workspaces, that ensure precision assembly and quality control at every stage. The collaborative environment fosters teamwork and streamlined production workflows.

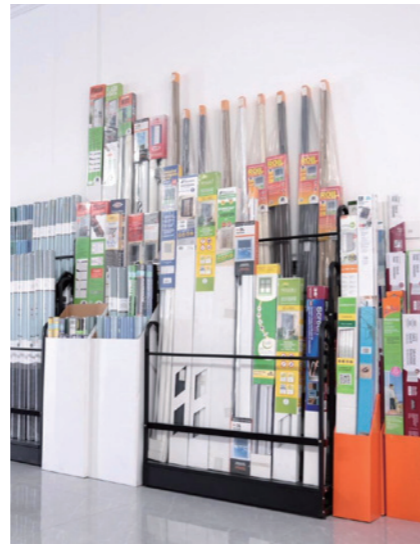

Artisan Quality Proven Excellence

This exhibition room showcases window screens, sun shades, screen doors and related products.

It is a dedicated display space for physical samples, presenting product quality, appearance and practical functions.

With well-organized display and complete product series, it allows customers to visually experience the sun-shading, mosquito-proof and breathable performance of our products, and facilitates product selection and business communication.
